

At CocoaConf we are committed to enabling and encouraging iPhone, iPad, and Mac developers to master their craft. We will gather over 100 of the most dedicated and passionate members of the Apple developer community for this exciting two-day training event.

You have an opportunity to reach these influential iOS and OS X developers in a way that will get their attention and earn their respect. When you help bring this popular event to town, you will be distinguishing your organization as one that knows what developers want and cares enough to make it happen.
